At a meeting of the base ball fans in this city a few days ago it was decided to raise money by subscription to employ a pitcher this coming season. I believe they claim that a good pitcher can be obtained at \$80 to \$100 per month and the boys think they can keep him busy playing ball-\$500 or \$600 worth. That's lots of ball for a small town but hit's sport if we can stand the strain. Some are inclined to the belief that we could afford to admit that we are playing out of luck until some good ball pitcher could be induced to locate here in business or to work for some one who could | There are perhaps others spare him about half the time to who would be satisfactory persons play ball, but the enthusiasts say and who are property owners and different and want a pitcher to be business men and take consideron tap all the time and ready to able interest in the management play. Considerable money has of our city. Come, let us reason been subscribed.

Genuine Tigers

We have on display in our window this week a bunch of genuine tigers, not the ordinary kind but the latest we could obtain from the famous establishment of Keith Bros. & Co., Chicago, Ill. Each one of these tigers carries a price card in plain red figures and is valued from \$1.50 to \$3.00, in any size you want. They are all the 1908 variety and present a pleasing and novel appearance which belongs only to this special kind of tiger. We guarantee perfect satisfaction to every purchaser of these new spring tigers and should there be any growl from either you or the tiger, we will gladly refund your money.

> Mr. and Mrs. T. C. Hornby and son departed Monday morning for Biloxi, Miss., where they expect to spend the remainder of the winter. Mrs. Charles Sparks and daughter are there visitng and sojourning this winter and they hope to escape the severe and chilly north wings which were so common last winter, though this winter has been very mild thus far. We cannot hope for better winters here than this but they decided to go last Christmas when C. C. Tackett predicted a cold January and February and the illness of Tom's little boy prevented them getting away sooner.

Town Board.

It will soon be time to elect new members for the town board. There will be three vacancies to fill by the expiration of the terms of office of three members, as we understand it. The regular terms of W. S. Barker and A. N. Compton expire, and also that of W. S. Jackson who was appointed to fill vacancy by the resignation of L. N. Layport.

Who will you have for new members! Will it be the same board re-elected, or do you want some change? Among the availables who would make good officers, aside from the present incumbents, and who also would run well at the election, are mentioned the following persons:
